1 Account Management

Two **CSS Class** properties are available, they are:

a) CSS Class for Account Button: Which'll be applied on first button inside Account Management popup (i.e. Button with default label as Account)
b) CSS Class for Sign Out Button: Which'll be applied on second button inside Account Management popup (i.e. Button with default label as Sign Out)
c) Please refer image below for first and second button reference

- Each “CSS Class” provides four set of classes for styling
- **Account Management** uses same theme variables that are used for styling **Button** widget

Below Are the Theme variables to style the widget:

Theme Variable Name	Description
user-profile-initial-wrapper-width	
user-profile-initial-wrapper-height	
user-profile-initial-wrapper-border-radius	
user-profile-initial-wrapper-background-color	

© 2021 Majesco. All Rights Reserved.

Theme Variable Name	Description
user-profile-initial-wrapper-border	
user-profile-initial-font-family	
user-profile-initial-font-style	
user-profile-initial-font-size	
user-profile-initial-font-color	
user-profile-initial-font-weight	
user-profile-initial-line-height	
user-profile-name-font-weight	
user-profile-arrow-size	
user-profile-arrow-color	
user-profile-connector-color	
user-profile-connector-left	To set the left position of connector icon

2 Autocomplete

Theme variables for Autocomplete Dropdown style -

Variable	Description
autocomplete-list-background-color	Background color of autocomplete dropdown list
autocomplete-list-border-color	Border color of autocomplete dropdown list
autocomplete-list-border-width	Border width of autocomplete dropdown list
autocomplete-list-border-style	Border style of autocomplete dropdown list
autocomplete-list-box-shadow	Box shadow for autocomplete dropdown list
autocomplete-list-padding-top	Padding top for autocomplete dropdown list
autocomplete-list-padding-right	Padding right for autocomplete dropdown list
autocomplete-list-padding-bottom	Padding bottom for autocomplete dropdown list
autocomplete-list-padding-left	Padding left for autocomplete dropdown list
autocomplete-list-scrollbar-color	Scrollbar color for autocomplete dropdown list
autocomplete-options-font-size	Font size for autocomplete options
autocomplete-options-padding-top	Padding top for autocomplete option
autocomplete-options-padding-right	Padding right for autocomplete option
autocomplete-options-padding-bottom	Padding bottom for autocomplete option
autocomplete-options-padding-left	Padding left for autocomplete option
autocomplete-options-background-color-on-focus	Backgound color on focus of autocomplete option
autocomplete-options-font-color-on-focus	Font color on focus of autocomplete option
autocomplete-options-group-heading-font-size	Font size for autocomplete option group heading
autocomplete-options-group-heading-font-color	Font color for autocomplete option group heading
autocomplete-options-group-heading-font-weight	Font weight for autocomplete option group heading

3 Button

3.1 Button

Variable	Description
primary-button-bg-color	
primary-button-border-color	
primary-button-color	
primary-button-padding-top	
primary-button-padding-right	
primary-button-padding-bottom	
primary-button-padding-left	
primary-button-border-top-left-radius	
primary-button-border-top-right-radius	
primary-button-border-bottom-left-radius	
primary-button-border-bottom-right-radius	
primary-button-font-size	
primary-button-opacity	
primary-button-font-family	
primary-button-font-weight	
primary-button-font-style	
primary-button-height	
primary-button-width	
primary-button-bg-color-on-hover	
primary-button-border-color-on-hover	
primary-button-color-on-hover	
primary-button-bg-color-on-focus	
primary-button-border-color-on-focus	
primary-button-color-on-focus	
primary-button-bg-color-when-active	
primary-button-border-color-when-active	
primary-button-color-when-active	
primary-button-bg-color-on-disable	
primary-button-border-color-on-disable	
primary-button-color-on-disable	

© 2021 Majesco. All Rights Reserved.

Variable	Description
primary-button-opacity-on-disable	

3.2 Buttons with Animation

Variable	Description	
animated-button-arrow-color	Color of the arrow inside button	
animated-button-arrow-padding-before-transition	Padding for the text inside button before arrow transition starts	
animated-button-arrow-padding-after-transition	Padding for the text inside button after arrow transition	
animated-button-arrow-width-before-transition	Width of the arrow inside button before transition	
animated-button-arrow-width-after-transition	Width of the arrow inside button after transition	
circular-animated-button-size	Height and width of circular button	
circular-animated-button-border-color-before-transition	Border color of animated button before transition	
circular-animated-button-border-color-after-transition	Border color of animated button after transition	
There are six sets available.		
Variable Prefix	Corresponding "CSS Class" Property value	Remarks
primary (as shown on LHS)	Primary Button	Applied by default
secondary	Secondary Button	
tertiary	Tertiary Button	
fourth	Fourth Button	
fifth	Fifth Button	
sixth	Sixth Button	
There are 3 sets available for buttons with animations		
circular	First circular button with animated border	
second-circular	Second circular button with animated border	
animated-button	Button with animated arrow

5 Dropdown Menu

- Dropdown menu button uses same variables as that for **Button** widget after selecting **CSS Class** property
- Dropdown menu button list uses below theme variables after selecting **CSS Class Menu List** property

Variable Name	Description
primary-dropdown-menu-list-background-color	Control background color of primary dropdown menu
primary-dropdown-menu-option-font-family	Control font family of primary dropdown menu option
primary-dropdown-menu-option-font-style	Control font style of primary dropdown menu option
primary-dropdown-menu-option-font-weight	Control font weight of primary dropdown menu option
primary-dropdown-menu-option-font-size	Control font size of primary dropdown menu option
primary-dropdown-menu-option-font-color	Control font color of primary dropdown menu option
primary-dropdown-menu-list-width	Control width of dropdown menu list
primary-dropdown-menu-option-margin-top	Control margin top of primary dropdown menu option
primary-dropdown-menu-option-margin-right	Control margin right of primary dropdown menu option
primary-dropdown-menu-option-margin-bottom	Control margin bottom of primary dropdown menu option
primary-dropdown-menu-option-margin-left	Control margin left of primary dropdown menu option
primary-dropdown-menu-list-padding-top	Control top padding of primary dropdown menu
primary-dropdown-menu-list-padding-right	Control right padding of primary dropdown menu
primary-dropdown-menu-list-padding-bottom	Control bottom padding of primary dropdown menu
primary-dropdown-menu-list-padding-left	Control left padding of primary dropdown menu
secondary-dropdown-menu-list-background-color	Control background color of secondary dropdown menu
secondary-dropdown-menu-option-font-family	Control font family of secondary dropdown menu option
secondary-dropdown-menu-option-font-style	Control font style of secondary dropdown menu option
secondary-dropdown-menu-option-font-weight	Control font weight of secondary dropdown menu option
secondary-dropdown-menu-option-font-size	Control font size of secondary dropdown menu option
secondary-dropdown-menu-option-font-color	Control font color of secondary dropdown menu option
secondary-dropdown-menu-list-width	Control width of secondary dropdown menu list
secondary-dropdown-menu-option-margin-top	Control margin top of secondary dropdown menu option

© 2021 Majesco. All Rights Reserved.

Variable Name	Description
secondary-dropdown-menu-option-margin-right	Control margin right of secondary dropdown menu option
secondary-dropdown-menu-option-margin-bottom	Control margin bottom of secondary dropdown menu option
secondary-dropdown-menu-option-margin-left	Control margin left of secondary dropdown menu option
secondary-dropdown-menu-list-padding-top	Control top padding of secondary dropdown menu
secondary-dropdown-menu-list-padding-right	Control right padding of secondary dropdown menu
secondary-dropdown-menu-list-padding-bottom	Control bottom padding of secondary dropdown menu
secondary-dropdown-menu-list-padding-left	Control left padding of secondary dropdown menu
tertiary-dropdown-menu-list-background-color	Control background color of tertiary dropdown menu
tertiary-dropdown-menu-option-font-family	Control font family of tertiary dropdown menu option
tertiary-dropdown-menu-option-font-style	Control font style of tertiary dropdown menu option
tertiary-dropdown-menu-option-font-weight	Control font weight of tertiary dropdown menu option
tertiary-dropdown-menu-option-font-size	Control font size of tertiary dropdown menu option
tertiary-dropdown-menu-option-font-color	Control font color of tertiary dropdown menu option
tertiary-dropdown-menu-list-width	Control width of tertiary dropdown menu list
tertiary-dropdown-menu-option-margin-top	Control margin top of tertiary dropdown menu option
tertiary-dropdown-menu-option-margin-right	Control margin right of tertiary dropdown menu option
tertiary-dropdown-menu-option-margin-bottom	Control margin bottom of tertiary dropdown menu option
tertiary-dropdown-menu-option-margin-left	Control margin left of tertiary dropdown menu option
tertiary-dropdown-menu-list-padding-top	Control top padding of tertiary dropdown menu
tertiary-dropdown-menu-list-padding-right	Control right padding of tertiary dropdown menu
tertiary-dropdown-menu-list-padding-bottom	Control bottom padding of tertiary dropdown menu
tertiary-dropdown-menu-list-padding-left	Control left padding of tertiary dropdown menu

6 Dropdown – Touch

6.1 Default Style

	Variable	Description
1	dropdown-touch-bg-color	Background color of the default touch icon
2	dropdown-touch-align-text	Align text within the default touch icon. This is Flex align-items property to which these values can be set: flex-start | flex-end | center | baseline | stretch
3	dropdown-touch-border-width	Border width of default touch icon
4	dropdown-touch-border-style	Border style of default touch icon
5	dropdown-touch-border-color	Border color of default touch icon
6	dropdown-touch-border-radius	Border radius of default touch icon
7	dropdown-touch-font-size	Font size of the default touch icon
8	dropdown-touch-font-weight	Font weight of the default touch icon
9	dropdown-touch-font-color	Font color of default touch icon
10	dropdown-touch-min-width	Minimum width of default touch icon
11	dropdown-touch-min-height	Minimum height of default touch icon
12	dropdown-touch-max-width	Maximum width of default touch icon
13	dropdown-touch-max-height	Maximum height of default touch icon
14	dropdown-touch-selected-bg-color	Background color of the selected default touch icon
15	dropdown-touch-selected-border-color	Border color of the selected default touch icon
16	dropdown-touch-selected-border-width	Border width of the selected default touch icon
17	dropdown-touch-selected-border-style	Border style of the selected default touch icon
18	dropdown-touch-selected-font-color	Font color of the selected default touch icon
19	dropdown-touch-selected-font-weight	Font weight of the selected default touch icon
20	dropdown-touch-non-selected-opacity	Opacity of the non-selected default touch icons when one or more values are selected
21	dropdown-touch-border-on-focus	Border(Shorthand property) for default touch icon on focus
22	dropdown-touch-horizontally-align-text	Horizontal alignment for dropdown touch
23	dropdown-touch-margin-top	Top margin for dropdown touch
24	dropdown-touch-margin-right	Right margin for dropdown touch
25	dropdown-touch-margin-bottom	Bottom margin for dropdown touch
26	dropdown-touch-margin-left	Left margin for dropdown touch

© 2021 Majesco. All Rights Reserved.

6.2 Style-2

	Variable	Description
1	second-dropdown-touch-bg-color	Background color of the style-2 touch icon
2	second-dropdown-touch-align-text	Align text within the style-2 touch icon. This is Flex align-items property to which these values can be set: flex-start | flex-end | center | baseline | stretch
3	second-dropdown-touch-border-width	Border width of style-2 touch icon
4	second-dropdown-touch-border-style	Border style of style-2 touch icon
5	second-dropdown-touch-border-color	Border color of default style-2 touch icon
6	second-dropdown-touch-border-radius	Border radius of default style-2 touch icon
7	second-dropdown-touch-font-size	Font size of the default style-2 touch icon
8	second-dropdown-touch-font-weight	Font weight of the default style-2 touch icon
9	second-dropdown-touch-font-color	Font color of style-2 touch icon
10	second-dropdown-touch-min-width	Minimum width of style-2 touch icon
11	second-dropdown-touch-min-height	Minimum height of style-2 touch icon
12	second-dropdown-touch-max-width	Maximum width of style-2 touch icon
13	second-dropdown-touch-max-height	Maximum height of style-2 touch icon
14	second-dropdown-touch-selected-bg-color	Background color of the selected style-2 touch icon
15	second-dropdown-touch-selected-border-color	Border color of selected style-2 touch icon
16	second-dropdown-touch-selected-border-width	Border width of selected style-2 touch icon
17	second-dropdown-touch-selected-border-style	Border style of selected style-2 touch icon
18	second-dropdown-touch-selected-font-color	Font color of selected style-2 touch icon
19	second-dropdown-touch-selected-font-weight	Font weight of selected style-2 touch icon
20	second-dropdown-touch-non-selected-opacity	Opacity of non-selected style-2 touch icon when one or more values are selected
21	second-dropdown-touch-border-on-focus	Border(Shorthand property) for style-2 touch icon on focus
22	second-dropdown-touch-horizontally-align-text	Horizontal alignment for dropdown touch
23	second-dropdown-touch-margin-top	Top margin for dropdown touch
24	second-dropdown-touch-margin-right	Right margin for dropdown touch

© 2021 Majesco. All Rights Reserved.

	Variable	Description
25	second-dropdown-touch-margin-bottom	Bottom margin for dropdown touch
26	second-dropdown-touch-margin-left	Left margin for dropdown touch

6.3 Style-3

	Variable	Description
1	third-dropdown-touch-bg-color	Background color of the style-3 touch icon
2	third-dropdown-touch-align-text	Align text within the style-3 touch icon. This is Flex align-items property to which these values can be set: flex-start | flex-end | center | baseline | stretch
3	third-dropdown-touch-border-width	Border width of style-3 touch icon
4	third-dropdown-touch-border-style	Border style of style-3 touch icon
5	third-dropdown-touch-border-color	Border color of default style-3 touch icon
6	third-dropdown-touch-border-radius	Border radius of default style-3 touch icon
7	third-dropdown-touch-font-size	Font size of the default style-3 touch icon
8	third-dropdown-touch-font-weight	Font weight of the default style-3 touch icon
9	third-dropdown-touch-font-color	Font color of style-3 touch icon
10	third-dropdown-touch-min-width	Minimum width of style-3 touch icon
11	third-dropdown-touch-max-height	Minimum height of style-3 touch icon
12	third-dropdown-touch-min-width	Maximum width of style-3 touch icon
13	third-dropdown-touch-max-height	Maximum height of style-3 touch icon
14	third-dropdown-touch-selected-bg-color	Background color of the selected style-3 touch icon
15	third-dropdown-touch-selected-border-color	Border color of selected style-3 touch icon
16	third-dropdown-touch-selected-border-width	Border width of selected style-3 touch icon
17	third-dropdown-touch-selected-border-style	Border style of selected style-3 touch icon
18	third-dropdown-touch-selected-font-color	Font color of selected style-3 touch icon
19	third-dropdown-touch-selected-font-weight	Font weight of selected style-3 touch icon
20	third-dropdown-touch-non-selected-opacity	Opacity of non-selected style-3 touch icon when one or more values are selected
21	third-dropdown-touch-border-on-focus	Border(Shorthand property) for style-3 touch icon on focus
22	third-dropdown-touch-horizontally-align-text	Horizontal alignment for dropdown touch
23	third-dropdown-touch-margin-top	Top margin for dropdown touch
24	third-dropdown-touch-margin-right	Right margin for dropdown touch

© 2021 Majesco. All Rights Reserved.

	Variable	Description
25	third-dropdown-touch-margin-bottom	Bottom margin for dropdown touch
26	third-dropdown-touch-margin-left	Left margin for dropdown touch

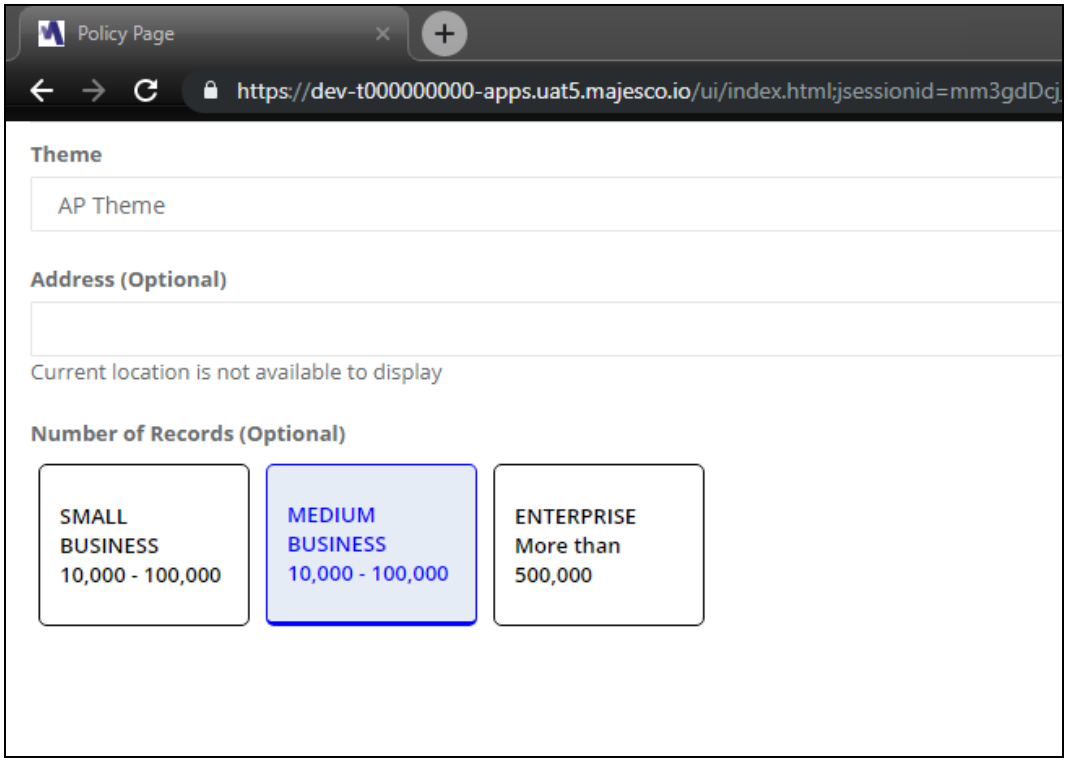

6.4 Styling Guide

6.4.1 Default view

Selected value:

© 2021 Majesco. All Rights Reserved.

To design touch icons as above, you can set following values in default style or style-2 or style-3.

VARIABLE	VALUE
dropdown-touch-border-style	solid
dropdown-touch-border-width	1px
dropdown-touch-font-size	inherit
dropdown-touch-align-text	center
dropdown-touch-selected-font-color	blue
dropdown-touch-selected-border-width	1px 1px 3px 1px
dropdown-touch-selected-border-style	solid
dropdown-touch-bg-color	#FFFFFF
dropdown-touch-font-color	black
dropdown-touch-border-radius	5px
dropdown-touch-selected-border-color	blue
dropdown-touch-selected-bg-color	#e6ecf5

© 2021 Majesco. All Rights Reserved.

dropdown-touch-border-on-focus	1px solid blue; border-width: 1px 1px 3px 1px;
dropdown-touch-max-width	130px
dropdown-touch-max-height	120px
dropdown-touch-min-width	100px
dropdown-touch-min-height	100px
dropdown-touch-non-selected-opacity	1

7 Floating Label

Variable	Description	Default Value
Styles for textbox, textarea, number, password, email, location, date-time, dropdown, theme dropdown, locale dropdown, multi-select before transform		
float-label-opacity-before-transform	Float label opacity before transform	0.7
float-label-top-position-before-transform	Float label top position before transform	-2em
second-float-label-opacity-before-transform	Second float label-opacity before transform	0.7
second-float-label-top-position-before-transform	Second float label-top position before transform	-2em
third-float-label-opacity-before-transform	Third float label-opacity before transform	0.7
third-float-label-top-position-before-transform	Third float label-top position before transform	-2em
Styles for textbox, number, password, dropdown, theme dropdown, locale dropdown, multi-select for transform		
float-label-transform	Float label transform value (How up you want to float the label)	translate(-2%, -130%)
second-float-label-transform	Second float label transform value (How up you want to float the second label)	translate(-2%, -130%)
third-float-label-transform	Third float label transform	translate(-2%, -130%)
Styles for textbox, number, password, dropdown, theme dropdown, locale dropdown, multi-select after transform		
float-label-opacity-after-transform	Float label opacity after transform	1
float-label-font-size-after-transform	Float label font-size after transform	85%
float-label-bg-color-after-transform	Float label background-color after transform	#FFFFFF
float-label-padding-left-after-transform	Float label padding left after transform	0px
float-label-padding-right-after-transform	Float label padding right after transform	0px
second-float-label-opacity-after-transform	Second float label-opacity after transform	1
second-float-label-font-size-after-transform	Second float label-font-size after transform	85%

© 2021 Majesco. All Rights Reserved.

Variable	Description	Default Value
second-float-label-bg-color-after-transform	Second float label-background-color after transform	#FFFFFF
second-float-label-padding-left-after-transform	Second Float label padding left after transform	0px
second-float-label-padding-right-after-transform	Second Float label padding right after transform	0px
third-float-label-opacity-after-transform	Third float label-opacity after transform	1
third-float-label-font-size-after-transform	Third float label-font-size after transform	85%
third-float-label-bg-color-after-transform	Third float label-background-color after transform	#FFFFFF
third-float-label-padding-left-after-transform	Third Float label padding left after transform	0px
third-float-label-padding-right-after-transform	Third Float label padding right after transform	0px
Styles for email before transform		
float-email-label-opacity-before-transform	Float email label opacity before transform	0.7
float-email-label-top-position-before-transform	Float email label-top position before transform	-1.91em
second-float-email-label-opacity-before-transform	Second float email-label opacity before transform	0.7
second-float-email-label-top-position-before-transform	Second float email-label-top position before transform	-1.91em
third-float-email-label-opacity-before-transform	Third float email-label opacity before transform	0.7
third-float-email-label-top-position-before-transform	Third float email-label-top position before transform	-1.91em
Styles for email for transform		
float-email-label-transform	Float email label transform	translate(11%, -138%);
second-float-email-label-transform	Second float email label transform	translate(11%, -138%);
third-float-email-label-transform	Third float email label transform	translate(11%, -138%);
Styles for date-time before transform		
float-date-label-opacity-before-transform	Float date label opacity before transform	0.7

© 2021 Majesco. All Rights Reserved.

Variable	Description	Default Value
float-date-label-top-position-before-transform	Float date label-top position before transform	-2em
second-float-date-label-opacity-before-transform	Second float date-label opacity before transform	0.7
second-float-date-label-top-position-before-transform	Second float date-label-top position before transform	-2em
third-float-date-label-opacity-before-transform	Third float date-label opacity before transform	0.7
third-float-date-label-top-position-before-transform	Third float date-label-top position before transform	-2em
Styles for date-time for transform		
float-date-time-label-transform	Float date time label transform	translate(-2%, -130%);
second-float-date-time-label-transform	Second float date-time label transform	translate(-2%, -130%);
third-float-date-time-label-transform	Third float date-time label transform	translate(-2%, -130%);
Styles for location before transform		
float-location-label-opacity-before-transform	Float location label opacity before transform	0.7
float-location-label-top-position-before-transform	Float location label-top position before transform	-2em
second-float-location-label-opacity-before-transform	Second float location-label opacity before transform	0.7
second-float-location-label-top-position-before-transform	Second float location-label-top position before transform	-2em
third-float-location-label-opacity-before-transform	Third float location-label opacity before transform	0.7
third-float-location-label-top-position-before-transform	Third float location-label-top position before transform	-2em
Styles for location for transform		
float-location-label-transform	Float location label transform	translate(11%, -125%);
second-float-location-label-transform	Second float location label transform	translate(11%, -125%);
third-float-location-label-transform	Third float location label transform	translate(11%, -125%);
Styles for text-area before transform		
float-textarea-label-opacity-before-transform	Float textarea label opacity before transform	0.7

© 2021 Majesco. All Rights Reserved.

Variable	Description	Default Value
float-textarea-label-top-position-before-transform	Float textarea label-top position before transform	0.7em
second-float-textarea-label-opacity-before-transform	Second float textarea-label opacity before transform	0.7
second-float-textarea-label-top-position-before-transform	Second float textarea-label-top position before transform	0.7em
third-float-textarea-label-opacity-before-transform	Third float textarea-label opacity before transform	0.7
third-float-textarea-label-top-position-before-transform	Third float textarea-label-top position before transform	0.7em
Styles for text-area for transform		
float-textarea-label-transform	Float textarea label transform	translate(-2%, -100%);
second-float-textarea-label-transform	Second float textarea label transform	translate(-2%, -100%);
third-float-textarea-label-transform	Third float textarea label transform	translate(-2%, -100%);
Styles for dropdown before transform		
float-dropdown-label-opacity-before-transform	Float dropdown label opacity before transform	0.7
float-dropdown-label-top-position-before-transform	Float dropdown label-top position before transform	-2em
second-float-dropdown-label-opacity-before-transform	Second float dropdown-label opacity before transform	0.7
second-float-dropdown-label-top-position-before-transform	Second float dropdown-label-top position before transform	-2em
third-float-dropdown-label-opacity-before-transform	Third float dropdown-label opacity before transform	0.7
third-float-dropdown-label-top-position-before-transform	Third float dropdown-label-top position before transform	-2em
Styles for dropdown for transform		
float-dropdown-label-transform	Float dropdown label transform	translate(-2%, -115%)
second-float-dropdown-label-transform	Second float dropdown label transform	translate(-2%, -115%)
third-float-dropdown-label-transform	Third float dropdown label transform	translate(-2%, -115%)

Below are the list of Classes introduced for Hyperlink widget:

Hyperlink Class Name
Style 1
Style 2
Style 3
Style 4

Below Are the list of Theme variables introduced Class Wise:

Theme Variable name	Description
link-style1-font-family	
link-style1-font-size	
link-style1-font-weight	
link-style1-font-color	
link-style1-text-decoration	
link-style2-font-family	
link-style2-font-size	
link-style2-font-weight	
link-style2-font-color	
link-style2-text-decoration	
link-style3-font-family	
link-style3-font-size	
link-style3-font-weight	
link-style3-font-color	
link-style3-text-decoration	
link-style4-font-family	
link-style4-font-size	
link-style4-font-weight	
link-style4-font-color	
link-style4-text-decoration	

Below Are the Theme variable created to style Hyperlink when it has Focus / Hover:

© 2021 Majesco. All Rights Reserved.

Theme Variable for Hover/Focus Effect	Description
link-style1-font-color-on-focus	
link-style1-text-decoration-on-focus	
link-style2-font-color-on-focus	
link-style2-text-decoration-on-focus	
link-style3-font-color-on-focus	
link-style3-text-decoration-on-focus	
link-style4-font-color-on-focus	
link-style4-text-decoration-on-focus	
link-style1-font-color-on-hover	
link-style1-text-decoration-on-hover	
link-style2-font-color-on-hover	
link-style2-text-decoration-on-hover	
link-style3-font-color-on-hover	
link-style3-text-decoration-on-hover	
link-style4-font-color-on-hover	
link-style4-text-decoration-on-hover	

Below are the Theme variable resolution wise created:

Screen Resolution Wise Theme Variables	Description
link-style1-font-size-min-width-1920	
link-style1-font-weight-min-width-1920	
link-style1-letter-spacing-min-width-1920	
link-style1-line-height-min-width-1920	
link-style2-font-size-min-width-1920	
link-style2-font-weight-min-width-1920	
link-style2-letter-spacing-min-width-1920	
link-style2-line-height-min-width-1920	
link-style3-font-size-min-width-1920	
link-style3-font-weight-min-width-1920	
link-style3-letter-spacing-min-width-1920	
link-style3-line-height-min-width-1920	
link-style4-font-size-min-width-1920	
link-style4-font-weight-min-width-1920

Screen Resolution Wise Theme Variables	Description
link-style4-letter-spacing-min-width-1920	
link-style4-line-height-min-width-1920	

Above we have provided List of Theme variable with Screen resolution 1920. You can replace min-width-1920 with any of the below value to use Theme variable for that particular screen resolution:

Screen Resolution Wise Theme Variables Post Fix Name
min-width-320
min-width-480
min-width-768
min-width-992
min-width-1200
min-width-1920

10 Input Control

Textbox, Dropdown, Email, Password, Number, DateTime, Textarea, Multi-select, Theme Dropdown, Location, Slider

Variable	Description
input-control-background-color	
input-control-border-width	
input-control-border-style	
input-control-border-color	
input-control-border-radius	
input-control-font-color	
input-control-padding-top	
input-control-padding-right	
input-control-padding-bottom	
input-control-padding-left	
input-control-width	
input-control-height	
input-control-font-size	
input-control-font-family	
input-control-font-weight	
input-control-font-style	
input-control-opacity	
input-control-border-color-on-focus	
input-control-placeholder-font-family	
input-control-placeholder-font-size	
input-control-placeholder-font-weight	
input-control-placeholder-font-style	
input-control-placeholder-color	
input-control-readonly-background-color	Background color for input type element which is read-only and uses 'form-control' class
input-control-readonly-opacity	Opacity for input type element which is read-only and uses 'form-control' class
input-control-disabled-background-color	Background color for input type element which is disabled and uses 'form-control' class

© 2021 Majesco. All Rights Reserved.

Variable	Description
input-control-disabled-opacity	Opacity for input type element which is disabled and uses 'form-control' class
input-control-error-background-color	Background color of input control with error
input-control-error-border-color	Border color of input control with error
input-control-valid-background-color	Background color of input control with valid data
input-control-valid-border-color	Border color of input control with valid data
input-control-border-color-on-focus-with-error	Border color on focus of input control with error
input-control-background-color-on-focus-with-error	Background color on focus of input control with error
LABEL (also applies to any control with Label E.g. Radio)	
input-control-label-font-family	
input-control-label-font-size	
input-control-label-font-weight	
input-control-label-font-style	
input-control-label-color	
input-control-label-error-color	Color of label whose input control has error
input-control-label-focus-color-with-error	Color of label whose input control has error and focus
input-control-label-focus-color	Color of label whose input control has focus
input-control-label-custom-position-top	Position top for input control label
input-control-label-custom-position-left	Position left for input control label
input-control-label-custom-position-right	Position right for input control label
input-control-label-custom-position-bottom	Position bottom for input control label

There are three sets available.		
Variable Prefix	Corresponding "CSS Class" Property value	Remarks
None (as shown on LHS)	Default Style	Applied by default
second	Style 2	

© 2021 Majesco. All Rights Reserved.

Variable	Description	
third	Style 3	
LABEL:		
Variable Prefix	Corresponding "CSS Class For Label" Property value	Remarks
None (as shown on LHS)	Default Style	Applied by default
second	Style 2	
third	Style 3

11 Multi Select Dropdown

Variable	Description
multiselect-selected-option-bg-color	Background color for selected option
multiselect-selected-option-color	Font color for selected option
multiselect-deselect-option-color	Font color for deselect option
multiselect-selected-option-font-family	Font-family for selected option

There are three sets available.

Variable Prefix	Corresponding "CSS Class" Property value	Remarks
None (as shown on LHS)	Default Style	Applied by default
second	Style 2	
third	Style 3

12 Notification Component

Variable	Description
Default font and background styles	
default-notification-counter-font-color	Control default font color for notification icon counter value
default-notification-counter-font-size	Control default font size for notification icon counter value
default-notification-counter-font-family	Control default font family for notification icon counter value
default-notification-counter-font-weight	Control default font weight for notification icon counter value
default-notification-counter-font-style	Control default font style for notification icon counter value
default-notification-counter-bg-color	Control default background color for notification icon counter value
Secondary font and background styles	
secondary-notification-counter-font-color	Control secondary font color for notification icon counter value
secondary-notification-counter-font-size	Control secondary font size for notification icon counter value
secondary-notification-counter-font-family	Control secondary font family for notification icon counter value
secondary-notification-counter-font-weight	Control secondary font weight for notification icon counter value
secondary-notification-counter-font-style	Control secondary font style for notification icon counter value
secondary-notification-counter-bg-color	Control secondary background color for notification icon counter value
Tertiary font and background styles	
tertiary-notification-counter-font-color	Control tertiary font color for notification icon counter value
tertiary-notification-counter-font-size	Control tertiary font size for notification icon counter value
tertiary-notification-counter-font-family	Control tertiary font family for notification icon counter value
tertiary-notification-counter-font-weight	Control tertiary font weight for notification icon counter value
tertiary-notification-counter-font-style	Control tertiary font style for notification icon counter value
tertiary-notification-counter-bg-color	Control tertiary background color for notification icon counter value
Fourth font and background styles	
fourth-notification-counter-font-color	Control fourth font color for notification icon counter value

© 2021 Majesco. All Rights Reserved.

Variable	Description
fourth-notification-counter-font-size	Control fourth font size for notification icon counter value
fourth-notification-counter-font-family	Control fourth font family for notification icon counter value
fourth-notification-counter-font-weight	Control fourth font weight for notification icon counter value
fourth-notification-counter-font-style	Control fourth font style for notification icon counter value
fourth-notification-counter-bg-color	Control fourth background color for notification icon counter value

There are four sets available

Variable Prefix	Corresponding "CSS Class" Property value	Remarks
primary	Default Style	Applied by default
secondary	Style 2	
tertiary	Style 3	
fourth	Style 4

13 Progress Text

Variable Name	Description
overlay-text-border-style	Control border style for Overlay text
overlay-text-border-color	Control border color for Overlay text
overlay-text-border-width	Control border width for Overlay text
overlay-text-border-radius	Control border radius for Overlay text
overlay-text-header-font-family	Control font family for overlay header text
overlay-text-header-font-style	Control font family for overlay header text
overlay-text-header-font-weight	Control font family for overlay header text
overlay-text-header-font-size	Control font family for overlay header text
overlay-text-header-font-color	Control font family for overlay header text
overlay-text-description-font-family	Control font family for overlay description text
overlay-text-description-font-style	Control font family for overlay description text
overlay-text-description-font-weight	Control font family for overlay description text
overlay-text-description-font-size	Control font family for overlay description text
overlay-text-description-font-color	Control font family for overlay description text
ice-overlay-text-progress-bg-color	Control background color for overlay text progress bar
overlay-text-width	Control width of overlay text
overlay-text-padding	Control padding of overlay text
overlay-text-background-color	Control background color for overlay text
overlay-text-header-alignment	Control text alignment for overlay header text
overlay-text-description-alignment	Control text alignment for overlay description text
overlay-text-spacer-height	Control spacing between header and description of overlay text
overlay-text-margin-top	Control top margin for overlay text
overlay-text-margin-right	Control right margin for overlay text
overlay-text-margin-bottom	Control bottom margin for overlay text
overlay-text-margin-left	Control left margin for overlay text
overlay-text-backdrop-color	Control backdrop color for overlay text
overlay-text-backdrop-opacity	Control opacity for backdrop color of overlay text
overlay-text-box-shadow	Control box-shadow for overlay text progress bar

14 Radio

Variable	Description
Normal Radio	
radio-primary-inner-circle-height	
radio-primary-inner-circle-width	
radio-primary-inner-circle-background-color	
radio-primary-outer-circle-height	
radio-primary-outer-circle-width	
radio-primary-outer-circle-border-color	
radio-primary-outer-circle-border-width	
Card Radio	
radio-primary-card-inner-circle-background-color	
radio-primary-card-inner-circle-border-width	
radio-primary-card-inner-circle-border-color	
radio-primary-card-outer-circle-border-color	
radio-primary-card-outer-circle-border-width	
radio-primary-card-outer-circle-height	
radio-primary-card-outer-circle-width	
For Radio Options (Normal Radio)	
radio-primary-option-label-font-family	
radio-primary-option-label-font-size	
radio-primary-option-label-font-weight	
radio-primary-option-label-font-style	
radio-primary-option-label-color	
For Radio Options (Card Radio)

15 Search

Theme variables for search bar widget -

1. For search field input, theme variables will be same as input control theme variables.
2. For Search dropdown, following theme variables are exposed

Name	Description	Default Value
search-dropdown-border-radius	Border radius of search bar dropdown	0
search-dropdown-box-shadow	Box shadow of search bar dropdown	0 0 3px rgba(86, 96, 117, 0.7)
search-dropdown-font-size	Font size of search bar dropdown	inherit
search-dropdown-font-color	Font color of search bar dropdown	#676a6c
search-dropdown-font-style	Font style of search bar dropdown	normal
search-dropdown-font-weight	Font weight of search bar dropdown	normal
search-dropdown-padding	Padding for search bar dropdown	0
search-dropdown-margin	Margin for search bar dropdown	0
search-dropdown-option-padding	Padding between search bar dropdown options	3px 20px
search-dropdown-active-option-background-color	Background color of search bar dropdown option which is active or in focus	#f9f9f9
search-dropdown-active-option-font-color	Font color of search bar dropdown option which is active or in focus	#676a6c

3 sets of theme variables are added -
Default Style (Dropdown) = search-dropdown*
Style 2 (Dropdown) = second-search-dropdown*
Style 3 (Dropdown) = third-search-dropdown*

3. For search and cancel icons, following theme variables are exposed.

Name	Description	Default Value
search-icon	Image for search icon	
search-icon-height	Search icon image height	15px
search-icon-width	Search icon image height	15px
search-cancel-icon	Image for search cancel icon	
search-cancel-icon-height	Search cancel icon image height	15px
search-cancel-icon-width	Search cancel icon image width	15px

© 2021 Majesco. All Rights Reserved.

3 sets of theme variables are added -
Default Style = search-icon*/search-cancel-icon*
Style 2 = second-search-icon*/second-search-cancel-icon*
Style 3 = third-search-icon*/third-search-cancel-icon*

16 Spacing between Widgets

Variable	Description
top-margin-for-widget-inside-column	
bottom-margin-for-widget-inside-column	

© 2021 Majesco. All Rights Reserved.

17 Table

Variable	Description
Ability to control border property for entire table header row	
default-header-row-border-width	Control border width for header row
default-header-row-border-style	Control border style for header row
default-header-row-border-color	Control border color for header row
default-header-row-border-radius	Control border radius for header row
Ability to control bg color and cursor when mouse is hovered on table header	
default-header-bg-color-on-hover	Control background color for header row on mouse hover
default-header-cursor-on-hover	Control mouse cursor when hovered on header row
Ability to control table header column font/border/bg-color property	
default-header-bg-color	Control background color for all header columns
default-header-font-color	Control font color for all header columns
default-header-font-size	Control font size for all header columns
default-header-font-family	Control font family for all header columns
default-header-font-weight	Control font weight for all header columns
default-header-cell-border-width	Control border width for all header columns
default-header-cell-border-style	Control border style for all header columns
default-header-cell-border-color	Control border color for all header columns
default-header-cell-height	Control height for all header columns
default-header-cell-width	Control width for all header columns
default-header-cell-font-alignment	Control label alignment for all header columns
Ability to control border property for entire table body excluding header	
default-table-body-border-width	Control border width for table body
default-table-body-border-style	Control border style for table body
default-table-body-border-color	Control border color for table body
Ability to control border property for individual row inside table body excluding header	
default-table-body-row-border-width	Control border width for row inside table body
default-table-body-row-border-style	Control border style for row inside table body
default-table-body-row-border-color	Control border color for row inside table body
Ability to control table body column font/border/bg-color property	
default-table-body-column-bg-color	Control background color of column inside table body
default-table-body-column-font-color	Control font color of column inside table body
default-table-body-column-font-size	Control font size of column inside table body

© 2021 Majesco. All Rights Reserved.

Variable	Description
default-table-body-column-font-family	Control font family of column inside table body
default-table-body-column-font-weight	Control font weight of column inside table body
default-table-body-column-border-width	Control border width of column inside table body
default-table-body-column-border-style	Control border style of column inside table body
default-table-body-column-border-color	Control border color of column inside table body
default-table-body-column-height	Control height of columns inside table body
default-table-body-column-width	Control width of columns inside table body
Ability to control bg color when hovered on table body row	
default-table-body-row-bg-color-on-hover	Control background color of row inside table body on mouse hover
Ability to control bg color and cursor when hovered on table body col	
default-table-body-column-bg-color-on-hover	Control background color of column inside table body on mouse hover
default-table-body-column-cursor-on-hover	Control mouse cursor when hovered on column inside table body
Ability to control bg-color and border property for odd table body rows, excluding header	
default-odd-table-row-bg-color	Control background color for odd rows inside table body
default-odd-table-row-border-width	Control border width for odd rows inside table body
default-odd-table-row-border-style	Control border style for odd rows inside table body
default-odd-table-row-border-color	Control border color for odd rows inside table body
Ability to control bg-color and border property for even table body rows, excluding header	
default-even-table-row-bg-color	Control background color for even rows inside table body
default-even-table-row-border-width	Control border width for even rows inside table body
default-even-table-row-border-style	Control border style for even rows inside table body
default-even-table-row-border-color	Control border color for even rows inside table body
Ability to control bg-color/font/border property for fixed column of table body, excluding header	
default-table-fixed-column-bg-color	Control background color of fixed column inside table body
default-table-fixed-column-border-width	Control border width of fixed column inside table body
default-table-fixed-column-border-style	Control border style size of fixed column inside table body
default-table-fixed-column-border-color	Control border color of fixed column inside table body
default-table-fixed-column-font-size	Control font size of fixed column inside table body
default-table-fixed-column-font-family	Control font family of fixed column inside table body
default-table-fixed-column-font-color	Control font color of fixed column inside table body

© 2021 Majesco. All Rights Reserved.

Variable	Description
default-table-fixed-column-font-weight	Control font weight of fixed column inside table body
default-table-fixed-column-height	Control height of fixed columns inside table body
default-table-fixed-column-width	Control width of fixed columns inside table body

There are four sets available.

Variable Prefix	Corresponding "CSS Class" Property value	Remarks
primary (as shown on LHS)	Default Style	Applied by default
secondary	Style 2	
tertiary	Style 3	
fourth	Style 4	
fifth	Style 5

18 Text Component

Theme Variable	Description
biggest-label-font-size	Set biggest size for display text/label with biggest-label-font' class attached
biggest-label-font-family	Set font family for display text/label with biggest-label-font' class attached
biggest-label-font-color	Set font color for display text/label with biggest-label-font' class attached
biggest-label-font-size-min-width-1920	Set font size for display text/label with biggest-label-font' class attached for devices with min-width 1920
biggest-label-font-weight-min-width-1920	Set font weight for display text/label with biggest-label-font' class attached for devices with min-width 1920
biggest-label-font-size-min-width-1200	Set font size for display text/label with biggest-label-font' class attached for devices with min-width 1200
biggest-label-font-weight-min-width-1200	Set font weight for display text/label with biggest-label-font' class attached for devices with min-width 1200
biggest-label-font-size-min-width-992	Set font size for display text/label with biggest-label-font' class attached for devices with min-width 992
biggest-label-font-weight-min-width-992	Set font weight for display text/label with biggest-label-font' class attached for devices with min-width 992
biggest-label-font-size-min-width-768	Set font size for display text/label with biggest-label-font' class attached for devices with min-width 768
biggest-label-font-weight-min-width-768	Set font weight for display text/label with biggest-label-font' class attached for devices with min-width 768
biggest-label-font-size-min-width-480	Set font size for display text/label with biggest-label-font' class attached for devices with min-width 480
biggest-label-font-weight-min-width-480	Set font weight for display text/label with biggest-label-font' class attached for devices with min-width 480
biggest-label-font-size-min-width-320	Set font size for display text/label with biggest-label-font' class attached for devices with min-width 320
biggest-label-font-weight-min-width-320	Set font weight for display text/label with biggest-label-font' class attached for devices with min-width 320
biggest-label-line-height-min-width-1920	Set line height for display text/label with biggest-label-font' class attached for devices with min-width 1920
biggest-label-letter-spacing-min-width-1920	Set letter spacing for display text/label with biggest-label-font' class attached for devices with min-width 1920
biggest-label-line-height-min-width-1200	Set line height for display text/label with biggest-label-font' class attached for devices with min-width 1200
biggest-label-letter-spacing-min-width-1200	Set letter spacing for display text/label with biggest-label-font' class attached for devices with min-width 1200

© 2021 Majesco. All Rights Reserved.

Theme Variable	Description
biggest-label-line-height-min-width-992	Set line height for display text/label with biggest-label-font' class attached for devices with min-width 992
biggest-label-letter-spacing-min-width-992	Set letter spacing for display text/label with biggest-label-font' class attached for devices with min-width 992
biggest-label-line-height-min-width-768	Set line height for display text/label with biggest-label-font' class attached for devices with min-width 768
biggest-label-letter-spacing-min-width-768	Set letter spacing for display text/label with biggest-label-font' class attached for devices with min-width 768
biggest-label-line-height-min-width-480	Set line height for display text/label with biggest-label-font' class attached for devices with min-width 480
biggest-label-letter-spacing-min-width-480	Set letter spacing for display text/label with biggest-label-font' class attached for devices with min-width 480
biggest-label-line-height-min-width-320	Set line height for display text/label with biggest-label-font' class attached for devices with min-width 320
biggest-label-letter-spacing-min-width-320	Set letter spacing for display text/label with biggest-label-font' class attached for devices with min-width 320
bigger-label-font-size	Set bigger font size for display text/label with bigger-label-font' class attached
bigger-label-font-family	Set font family for display text/label with bigger-label-font' class attached
bigger-label-font-color	Set font color for display text/label with bigger-label-font' class attached
bigger-label-font-size-min-width-1920	Set font size for display text/label with bigger-label-font' class attached for devices with min-width 1920
bigger-label-font-weight-min-width-1920	Set font weight for display text/label with bigger-label-font' class attached for devices with min-width 1920
bigger-label-font-size-min-width-1200	Set font size for display text/label with bigger-label-font' class attached for devices with min-width 1200
bigger-label-font-weight-min-width-1200	Set font weight for display text/label with bigger-label-font' class attached for devices with min-width 1200
bigger-label-font-size-min-width-992	Set font size for display text/label with bigger-label-font' class attached for devices with min-width 992
bigger-label-font-weight-min-width-992	Set font weight for display text/label with bigger-label-font' class attached for devices with min-width 992
bigger-label-font-size-min-width-768	Set font size for display text/label with bigger-label-font' class attached for devices with min-width 768
bigger-label-font-weight-min-width-768	Set font weight for display text/label with bigger-label-font' class attached for devices with min-width 768
bigger-label-font-size-min-width-480	Set font size for display text/label with bigger-label-font' class attached for devices with min-width 480

© 2021 Majesco. All Rights Reserved.

Theme Variable	Description
bigger-label-font-weight-min-width-480	Set font weight for display text/label with bigger-label-font' class attached for devices with min-width 480
bigger-label-font-size-min-width-320	Set font size for display text/label with bigger-label-font' class attached for devices with min-width 320
bigger-label-font-weight-min-width-320	Set font weight for display text/label with bigger-label-font' class attached for devices with min-width 320
bigger-label-line-height-min-width-1920	Set line height for display text/label with bigger-label-font' class attached for devices with min-width 1920
bigger-label-letter-spacing-min-width-1920	Set letter spacing for display text/label with bigger-label-font' class attached for devices with min-width 1920
bigger-label-line-height-min-width-1200	Set line height for display text/label with bigger-label-font' class attached for devices with min-width 1200
bigger-label-letter-spacing-min-width-1200	Set letter spacing for display text/label with bigger-label-font' class attached for devices with min-width 1200
bigger-label-line-height-min-width-992	Set line height for display text/label with bigger-label-font' class attached for devices with min-width 992
bigger-label-letter-spacing-min-width-992	Set letter spacing for display text/label with bigger-label-font' class attached for devices with min-width 992
bigger-label-line-height-min-width-768	Set line height for display text/label with bigger-label-font' class attached for devices with min-width 768
bigger-label-letter-spacing-min-width-768	Set letter spacing for display text/label with bigger-label-font' class attached for devices with min-width 768
bigger-label-line-height-min-width-480	Set line height for display text/label with bigger-label-font' class attached for devices with min-width 480
bigger-label-letter-spacing-min-width-480	Set letter spacing for display text/label with bigger-label-font' class attached for devices with min-width 480
bigger-label-line-height-min-width-320	Set line height for display text/label with bigger-label-font' class attached for devices with min-width 320
bigger-label-letter-spacing-min-width-320	Set letter spacing for display text/label with bigger-label-font' class attached for devices with min-width 320
big-label-font-size	Set big font size for display text/label with big-label-font' class attached
big-label-font-family	Set font family for display text/label with big-label-font' class attached
big-label-font-color	Set font color for display text/label with big-label-font' class attached
big-label-font-size-min-width-1920	Set font size for display text/label with big-label-font' class attached for devices with min-width 1920
big-label-font-weight-min-width-1920	Set font weight for display text/label with big-label-font' class attached for devices with min-width 1920

19 Tooltip

Following theme variables are added for tooltip

Name	Description	Default Value
tooltip-icon	Image for tooltip icon	""
tooltip-icon-height	Height of image for tooltip icon	15px
tooltip-icon-width	Width of image for tooltip icon	15px
tooltip-popup-border-width	Border width of tooltip popup	1px
tooltip-popup-border-style	Border style of tooltip popup	solid
tooltip-popup-border-color	Border color of tooltip popup	#e5e6e7
tooltip-popup-box-shadow	Box shadow for tooltip popup	none
tooltip-header-font-color	Font color of tooltip header	#676a6c
tooltip-header-font-size	Font Size of tooltip header	14px
tooltip-content-font-color	Font color of tooltip content	#676a6c
tooltip-content-font-size	Font Size of tooltip content	14px
tooltip-header-bg-color	Background color of tooltip header	#FFF
tooltip-content-bg-color	Background color of tooltip content	#FFF
tooltip-arrow-bg-color	Background color of tooltip arrow	#FFF
tooltip-popup-min-width	Min width of tooltip popup	50px
tooltip-popup-max-width	Max width of tooltip popup	300px
tooltip-content-max-height	Max Height of tooltip content	300px
tooltip-scrollbar-color	Tooltip scrollbar color	#bebebe
tooltip-close-icon	Configure close icon image	
tooltip-close-icon-height	Control close icon image height	20px
tooltip-close-icon-width	Control close icon image width	20px
tooltip-close-icon-top-position	Control top position of close icon	
tooltip-close-icon-right-position	Control right position of close icon	
tooltip-close-icon-bottom-position	Control bottom position of close icon	
tooltip-close-icon-left-position	Control left position of close icon	
tooltip-content-font-family	Control font family of default tooltip content	
tooltip-content-font-weight	Control font weight of default tooltip content	
tooltip-content-padding	Control padding of default tooltip content	
tooltip-content-font-size-320	Control font size of tooltip content on 320px screen	

© 2021 Majesco. All Rights Reserved.

Name	Description	Default Value
tooltip-content-font-size-480	Control font size of tooltip content on 480px screen	
tooltip-content-font-size-768	Control font size of tooltip content on 768px screen	
tooltip-content-font-size-992	Control font size of tooltip content on 992px screen	
tooltip-content-font-size-1200	Control font size of tooltip content on 1200px screen	
tooltip-content-font-size-1920	Control font size of tooltip content on 1920px screen	
tooltip-header-font-family	Control font family of tooltip header text	
tooltip-header-font-weight	Control font weight of tooltip header text	
tooltip-header-padding	Control padding of tooltip header text	
tooltip-header-font-size-320	Control font size of tooltip header text on 320px screen	
tooltip-header-font-size-480	Control font size of tooltip header text on 480px screen	
tooltip-header-font-size-768	Control font size of tooltip header text on 768px screen	
tooltip-header-font-size-992	Control font size of tooltip header text on 992px screen	
tooltip-header-font-size-1200	Control font size of tooltip header text on 1200px screen	
tooltip-header-font-size-1920	Control font size of tooltip header text on 1920px screen	
tooltip-popup-border-radius	Control border radius of tooltip popup	
tooltip-popup-padding	Control padding of tooltip popup
